

# 50 shades of real BDSM

*Im 28 years old,still pretty young but not too young to have not experinced some fun regarding sexual acts and play. I am miss reeves and i will be here to discuss many topics from erotic to how to cook a perfect sunday lunch, we shall make friends you and I, your opinion will be very important to me to make the blogs more fun and fab.*

*Dominant sex/BDSM*

*The real 50 shades of grey, what do men really think???*

How do you please your dominant? What is a submissive and dominant relationship about? I will discuss and research many topics for you including best sex and how to improve quality of sex with a partner, but to start off this blog lets find out about the above questions. Good questions.....to start with I will introduce you to what the

sub/dom relationship is about.

To be a submissive you have to get off on being empowered, exercised and exploited. Anything you do is for your master/mistress even if pain is the force being inflicted upon you, your pain is the dom's pleasure, and the dom has to gain all pleasure before the sub can receive theirs. So if the sub is a good little slave, they can orgasm eventually. Being submissive can be like being a human doormat and like your a little puppet on a sexy string. Dominants always come first. It's a true case of having something happen to you that you may not really enjoy or like but you do it knowing that something better will happen if you play along. Naughty for your nice!!! I liked to be called domina, it sounds hot and is off the tv show spartacus ha! Domina meaning in charge.

I'd say being a submissive is a great responsibility because it's really up to that person what's going to happen, if they can't do as ordered and told then they simply may be denied any sex, so it's easier to just obey your mistress.....like a good boy!!! (or girl let's be real here any sex can be the dominant) Have you ever been denied an orgasm, it's horrible, your body is crying out for a massive release and then the dominant walks away and leaves you tied up so you can't even finish the job yourself. Trust me it's easier to be spanked and whipped, which in turn is awesome fun. Many people will have opinions about this type of sex, s&m and bondage it's not every reader's cup of tea. It may appear silly or scary, but let me tell you guys if you find a partner who is not going to run away kicking and screaming, you will have some real bedroom fun. There are many online shops which offer so many toys and clothing to aid all this kind of sex. Gimp masks for example, odd or not??? Have you any opinions? Personally a mask to me is sexy, it's freaky and strange but makes me want to try. Some people obviously would run a mile, what would you do?

Now bondage has hit the shelves big time after the book release of fifty shades, I think a bondage kit for beginners is a great idea before diving into the scary stuff like cages and chains. I've enjoyed many a time being strung up and absolutely whipped to the point my bare naked body is red raw!!!!!! why did I let some man laugh at me and

grab my hair, because I knew if this 10 mins of torture made him happy, soon I would come. I would be called a good sub and awarded praise in the style of sexual favors. And sometimes the whip of the leather or the feel of a gag being forced into your mouth is enough to make you excited in your pants anyway, by the end of it your begging him for the whip because you know what happens after the whip. I have been tied up in a Japanese style rope situation and restricted where I can't move, hands tied behind back, legs restrained, rope around my breasts and then gagged and blindfolded. Trust me, I was sooooo nervous. I couldn't see where he was, he was silent, the anticipation was killing me. I didn't know what was going to happen or when. Name calling is a massive turn on during these kind of games, suddenly I felt his penis pushing into my back and he started choking me and whispered in my ears,

"I'm going to fuck your pussy from behind, don't squeal don't fucking squirm, in fact just shut the fuck up little girl and then you'll be set free. Ruin it and see that dildo over there...." he lifted up the blindfold briefly. Basically if I ruined his time with my vulnerable little pussy he would stick that either down my throat and choke me to the point I wanted to vomit, or stick it into my bottom and watch me cry out with pain before pleasure.

I looked over and saw a very large big dildo, the size of it was worryingly massive.

"I SAID CAN YOU FUCKING SEE IT?"

"Hmmm yes." I kinda grunted

"yes what?"

"yes master."

I've done the dominant role and have several stories, maybe we can discuss what I got up to but it all depends on what the readers want to insist upon, I have light simple antics and extreme naughty fetish style antics which would make you blush. But a good easy way of maybe showing authority is to use a strap on dildo and face sitting is also

a good one. Tie the sub up is also a simple form of torture and tell them they cant come until you say so. Then you can literally tease them to the brink of orgasm and watch as they struggle to not come everywhere, the feeling that your doing that to a person, creating that intense feeling makes you a good domina. A personal favourite is to sit on a face and hold their nose but they have to still perform oral and gasp for breath, like a fish out of water, gasping because your whole groin and butt is suffocating their face.

Has any of you lovely readers ever done CBT??? (Cock and ball torture) id be so interested to hear about the tales or should I say tails.....hmmmm. Please dont be shy now....you only live once right.

When in a fearful situation do you become a leader or a follower?? This could answer whether youd be a good sub or dom. If you get a thrill out of taking action and control, maybe being a dom is for you. If your heart tells you to listen to the the others and follow along maybe your a good submissive. Both roles are equally as satisfying and if in a relationship perhaps you could alternate these roles.

So what do we think our boyfriends who have never experienced s&m may think about our new domina fantasy.Well some couples will have been doing it for years and he will be used to the behaviour, but to a begginer its quite overwhelming and scary, I can talk you through whats happening with me. A new partner and me have just stared the s&m game, hes never done it before, so I in this case am the dom and hes the sub, until or if he wants to swap. Men LOVE the idea of being bossed about its like a woman who knows whats she is doing is a massive turn on, I dont think people want to admit they like to be vulnerable in the bedroom, but trust me, men seem to love it. Unless the male is the dom, i like to call the male dom 'daddy' its just hot and sexy, there is something great and pleasing about being daddys little girl who has pigtails and and gets her hair pulled in the act of oral sex.....can daddys girl swallow????

Does he want to be dominated? Chances are he does but wont speak up about feelings, its important to communicate about whats funand new in the bedroom, dont let your sex life mush awayto nothing from fear,

fear of what might blow your mind from vanilla sex. Men are so used to be alpha males in all situations, its normal, so to have this seduction occur by a sexy strong powerful female changes dynamics. Dont be shy to express fantasy, this has to be somebody you love or are comfortable with, somebody who you know wants the same style love making. Although done into extreme sexual content i wouldnt call it love making at all, its rude and horny fuck fest of fun.

Sex doesnt have to be scary even if your new to the bondage world, take it slow, dont rush, find a perfect match who wants to try it too, get a starter kit, you may of heard of a safeword, choose one. Always use it if your body cannot take anymore, but please dont be too rough if this is all new. I will discuss with you soon different interesting things to do in sex, watersports maybe or getting frisky outdoors.

We will talk about sex and in turn go have sex with our partners and I will promise you by the end of all our discussions we shall all have learnt a little if not alot. Ladies , i promise you to initiate sex and remember there is a physical factor and a mental factor to being a dominant. You need to assert yourself and learn where your inner confidence comes from, once you do it once you wont feel so doubtful, so put that red lipstick on and impress your partner to the brink of orgasm, then maybe deny him or her of course, and have them beg, beg you to let them come. You have to sound a bit mean a bit aggressive but you dont have to do anything you arent relaxed with. Get your verbal tongue working and watch what it does to the submissive it will drive them wild, wanting to please you. Mentally be aware of what your doing and saying, maybe choose some good commands and know what you want to happen that occasion.

Some tips before I go

1. Dress sexy, it doesnt have to be leather but dress so you feel awesome. Its like supermans cape you will automatically just feel powerful.
2. Text the submissive throughout the day to start the game off even if they are working. Say you cant wait for them to come

and kiss you or nibble you, send eroitc images.

3. Get into boss mode, have ideas of verbal commands. Think before the sex occurs.
4. He has to worship every inch of you
5. Start with tying him/her up and make that person frustrated. Teasing each other is the best foreplay.
6. NO MASTURBATION it enhances this occasion making both orgasms better
7. Its only fun if your both happy
